An Introduction to
MUMBAI EDUCATION FAIR

This Mumbai Education Fair extends its reach to school and college students, graduates, and people looking for a career change. With an expected presence of more than 100 exhibitors and an audience of over 10,000 expected, this event should not be missed.

This is a fantastic opportunity for your organization to reach the audience and create business awareness.

The concept is...?

Mumbai Education Fair will be the premier education and training exhibition in Mumbai. It will be first of its kind event which will have a highly targeted audience having specific areas of interest. Mumbai Education Fair aims to inspire, encourage and provide the right tools and resources for all Mumbaikars' to create a bright future.
Targeted Independent Fairs

Mumbai Education Fair will have specific sub fairs to suit your needs. These include:

- My Grad School Fair
- Creative Education Fair
- Undergraduate Education Fair
- Go International Education Fair
- MBA Admission Fair

To find out more about any of these fairs, please contact us.
The Mumbai Education Fair (MEF) is a targeted and Interactive Event based Fair with Workshops and Seminars in areas of interest.

Current Education fairs don’t ADD VALUE to students which are potential targets for you, this is why there is low interest in the student community resulting in less footfall.

**MEF** is being organised in a Prime Location at VJTI, Matunga located centrally with over 10 colleges in vicinity, generating estimated **10,000 visitors**.

**Perfect Timing** - April is the Ideal time as the start of the admission season.

Supported by WAYE (Youth wing of The Art of Living with over 30,000 youth members in Mumbai) and Freshersworld.com (India's favourite portal for Career Networking and Educational Information with over 30 million page views per month).
